ANNUAL REPORT

Favors a Pool for Convenience of Women Exclusively.

LONGER SEASON IS ADVISED

Thinks Guards Should Be Allowed to Give Lessons.

That the District Commissioners pet tion Congress to take such steps as wil lead to the ultimate use of the tidal res ervoir for swimming is recommended the annual report of Dr. W. B. Hudson, uperintendent of the municipal bathing each, made public today. Other recommendations are:

Change of the name of bathing beach to municipal swimming pools; construction of a pool for exclusive use of women: granting of authority to guards to give swimming lessons; lengthening of hours during which pools are open in months of July and August; provision for a four month bathing beach season, extending rom May 30 to October 1, and construction of swimming pools on playgrounds. Referring to the use of the tidal reseroir for swimming, Dr. Hudson states hat the superintendent of public buildings and grounds, as well as the fine arts commission, has recommended floating baths on the river front.

Thinks It Ideal Spot.

"One of the ideal spots for such baths would be in the tidal basin." declares the bathing beach superintendent.

"This particular body of water is kept in fairly clean and clear condition. do not believe that the floating baths would be at all advantageous, but I lo believe that swimming facilities could arranged in the basin to accommodate all swimmers who wish to avail themselves of this privilege, and I would respectfully recommend that the honorble Commissioners endeavor to have ongress take such steps as will lead the ultimate use of the tidal reseroir for swimming."

The request that authority be granted he guards to give swimming lessons for 2 one hour preceding the opening of the the morning is made, according o Dr. Hudson, because of the fact that there are numerous requests from adults who desire the privilege and competent guards cannot be obtained for the present

Favors Longer Hours.

"The present hours for swimming, Monday. Wednesday and Friday from 7 until 10, for women, and Tuesday, Thursday, Saturday and Sunday from 10 to 12 and 2 to 6, for males, seem entirely too short." states the report. "It is therefore, recommended that the pools be open daily from 7 a.m. to 7 p.m. during the months of July and August." The swimming pools this year; opened July 1 and closed September 22. "The climate in Washington affords an unusually long swimming season," the report sets forth, "and it is hoped that the appropriations in the future will be sufficient to allow the opening of the swimming pools not later than May 30, and be allowed to run until October 1.'

Types—That's All.

The above statement is NOT intended to mean that \$40 Suits are \$15-though as a matter of fact certain suits are here at \$15 that are worth \$25 to \$40. The thought we would impress is this

-that suits are here at \$40 and down to \$15 that are extraordinary. Extrordinary-because really superior to any heretofore offered this season at the prices. A visit is requested—with the promise that every facility for inspection and trying on will be yours, without any obligation to purchase.

Franco-American Suits, \$40 Anglo-American Suits,

In many respects these suits at \$40 are the equal of \$75 imported models-for, as you probably know, New York tailoring is the best in the world-and an immense "duty" is tacked on to imported suits. Each model has many distinctive features, from the individual cut of the coat to the belt on the skirt; every collar is different and a number of the coats have vests of broadcloth and velvet. Velveteen, corduroy, Bedford cord and diagonal weaves are the materials; black, navy, taupe, brown and ruby the colors.

An Occasion Extraordinary. \$15 Suits Worth \$25 to \$40,

The real crises in one's life or in that of a business organization are few and far between. One of the great firms of New York, famous for its man-tailored suits, is just now going through a crisis, dissolving partnership and turning stock into dollars. It is an occasion extraordinary—it really means \$25 to \$40 Suits at \$15.00.

The news was printed in Sunday's Star and the response vesterday proves positive that every claim of an occasion extraordinary is fully justified. It's also an occasion fleeting. A hint to the wise is sufficient.

Dresses and Suits Extraordinary.

The two-tone Corduroy Dresses, in grays and browns, have black satin collar, cuffs and girdle. The suits are plain tailored with guaranteed satin linings.
